## A Different Kind of Great

Mark 10.32-45

**Focus:** *to help the church value servanthood above power and prestige as the measure of true greatness.*

Read Mark 10.32-45

How do verses 32-34 relate to what follows? How can you explain the disciples asking such a selfish request right after this unselfish teaching by Jesus about his own death? How are we like them in this matter?

Why does Jesus answer them the way he does in vv. 38-40? why not rebuke them for their selfishness right away?

In verses 43 & 44, how is it possible to pursue greatness and serve at the same time? Is Jesus asking us to give up dreams of personal greatness or just pursue them in a different way? What kind of greatness is excluded by this?

What is Jesus' intent in v. 45? How can we follow his example in his death on the cross? must we all be martyrs? What must greatness look like in your life and what is one step you must take towards it? What makes this hard for you?
