Love Rules

1 Corinthians 14.26-40

Focus: to show how the love of God builds up the church by following the God given order for our worship gatherings.

Read 14.26-33. Discuss why you think these rules are in place? (work to connect them to ch. 13!) Have you seen churches where these are disregarded? what are some of the consequences to that?

Read 33b-35. Why do you think these rules are in place? How could these rules be abused? What kind of speech would be out of line for a lady at NW? and what would be acceptable and should be encouraged?

Read 36-40. How might NW fall in to pride and think we are something special, like the Corinthians did? How can you keep from falling prey to forbidding tongues? What ways can you seek to prophesy at NW in our gatherings (LifeChange, prayer, corporate worship and prayer, small groups)?
