## Deuteronomy 33 *Blessing like Moses*

**Focus:** *To learn how to pray for the blessing of God on the lives of those entrusted to you.*

Read ch. 33 aloud. How is God's character on display in this passage? (what can we learn about God?) And how does this passage point us to Christ?

In light of the context (32.48-52), what impresses you about Moses' desire to bless the people, and not curse them?

Assuming there is both continuity and discontinuity between the blessings of Israel long ago and the blessings God gives to us, discuss how God offers these same blessings to believers today and how they might differ somewhat. Encourage people to back this up with Scripture, especially from the NT. (How can we pray these same blessings for the church today? What limitations or nuances does Scripture place upon them?)

1. Victory
2. Prosperity
3. Safety
4. Favor

Which of these blessings would you most like the group to pray for you and why? Which one do you most need to pray for someone else (especially family or fellow NWers?)
